

Independent Auditor's Review Report on the Quarterly and for the Period June 27, 2024 to December 31, 2024 Unaudited Condensed Standalone Interim Ind AS Financial Statements of PropShare Platina (a First Scheme of the Property Share Investment Trust)

Review Report to

The Board of Directors

PropShare Investment Manager Private Limited (in the capacity of the "Investment Manager" of Property Share Investment Trust)

10th Floor, SKAV Seethalakshmi, 21/22,

Kasturba Road, Bengaluru – 560001

1. We have reviewed the accompanying unaudited Condensed Standalone Interim Ind AS financial statements of PropShare Platina(the "Scheme") which comprises of the unaudited condensed Standalone Balance Sheet as at December 31, 2024, the unaudited condensed Statement of Profit and Loss, including other comprehensive income for the quarter and for the period June 27, 2024 to December 31, 2024, unaudited condensed Statement of Cash Flows for the quarter and for the period June 27, 2024 to December 31, 2024 the unaudited condensed statement of changes in Unitholders equity for the period June 27, 2024 to December 31, 2024 and the unaudited Statement of Net Distributable Cash Flows for the quarter and for the period June 27, 2024 to December 31, 2024 and a summary of the material accounting policies and select explanatory notes (together hereinafter referred to as the "Condensed Standalone Interim Ind AS Financial Statements").
2. The Investment Manager is responsible for the preparation of the Condensed Standalone Interim Ind AS Financial Statements in accordance with the requirement of Indian Accounting Standard 34, (Ind AS 34) "Interim Financial Reporting", as prescribed in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other accounting principles generally accepted in India, to the extent not inconsistent with the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations' 2014, as amended including any guidelines and circulars issued thereunder ("SM REIT Regulations"). The Condensed Standalone Interim Ind AS Financial Statements has been approved by the Board of Directors of the Investment Manager. Our responsibility is to express a conclusion on the Condensed Standalone Interim Ind AS Financial Statements based on our review.
3. We conducted our review of the Condensed Standalone Interim Ind AS Financial Statements in accordance with the Standard on Review Engagements (SRE) 2410' "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Condensed Standalone Interim Ind AS Financial Statements is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and

other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Condensed Standalone Interim Ind AS Financial Statements, have not been prepared in all material respects in accordance with the requirements of Ind AS 34, as prescribed in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) read with the relevant rules issued thereunder and other accounting principles generally accepted in India, to the extent not inconsistent with the SM REIT Regulations and has not disclosed the information required to be disclosed in terms of the SM REIT Regulations read with the SEBI Circulars, including the manner in which it is to be disclosed or that it contains any material misstatement.

Emphasis of matter

5. We draw attention to Note 2 which describes the Basis of preparation of the Condensed Standalone Interim IND AS Financial Statements and Note 8 which describes the presentation of “Unit Capital” as “Equity” under SM REIT Regulation and not as a compound financial instrument as mandated by IND AS 32 Financial Instruments: Presentation. Our conclusion is not modified in respect of this matter.

Notes:

(i) On November 17, 2024, PropShare Platina entered into share purchase agreement with the shareholders of SPVs for acquisition of equity interest as described in more detail in Note 1 - Organisation structure for payment of cash consideration amounting to Rs. 0.06 million. The Manager has considered cash flow from operations for the period ended December 31, 2024 for NDCF calculations at SPV level.

(ii) Restricted cash - Security deposit received from the customer:

The Manager has excluded the security deposit received from the lessee from the NDCF calculation as the entire investment property is completely occupied by a single tenant with a weighted average lock-in period of 4.6 years. The security deposit is refundable back to the lessee upon expiry of lease term or termination of lease agreement. The expiry or termination of such agreements may require the SPVs to refund any deposits to the tenants, which could impact the liquidity of our SPVs, if the security deposit is distributed to the unitholders.

Also, the Board of Directors of the Manager to the Scheme of Trust, in its meeting held on January 20, 2025, have taken on record fixed deposit equivalent to the security deposit amount received from the lessee as deposited with the bank by the SPVs. The fixed deposit have a restricted business use of refunding back to the lessee upon expiry of lease term or termination of lease agreement as per note 6 of Regulation 3.18 of SEBI/HO/DDHS/DDHS-PoD/P/CIR/2023/185.

The accompanying notes form an integral part of the condensed standalone financial statements

(a first scheme of the Property Share Investment Trust)
SM REIT Reg No (Trust): IN/SM-REIT/24-25/0001
Notes to the Condensed Standalone Financial Statements

1. Trust and Scheme Information

The Property Share Investment Trust was settled on June 27, 2024, at Bangalore, Karnataka, India as a contributory, determinate and irrevocable trust under the provisions of the Indian Trusts Act, 1882, pursuant to a trust deed dated June 27, 2024, as amended on July 19, 2024. The Property Share Investment Trust was registered with SEBI on August 5, 2024, as a small and medium real estate investment trust under Regulation 26L (1) of the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 and as amended from time to time (“REIT Regulations”) having registration number IN/SM-REIT/24-25/0001. The Property Share Investment Trust has been settled by the Investment Manager for an aggregate initial sum of ₹0.02 million. The first scheme of the Trust *i.e.* PropShare Platina has been settled by the Property Share Investment Trust with an initial corpus of ₹0.01 million.

The principal place of business of the Property Share Investment Trust and PropShare Platina is situated at 16th Floor, SKAV Seethalakshmi, 21/22, Kasturba Road, Bangalore 560001, India.

PropShare Platina, a first Scheme of the Trust, having six wholly owned Special Purpose Vehicles (“SPVs”) under its structure (“**Platina SPVs**”), in accordance with the REIT Regulations.

PropShare Investment Manager Private Limited is the “Investment Manager” or “Manager” of the Property Share Investment Trust. The Investment Manager is a private limited company incorporated in India under the Companies Act, 2013 pursuant to a certificate of incorporation dated April 02, 2024, issued by the Registrar of Companies, Karnataka at Bangalore. Axis Trustee Services Limited is the Trustee to the Property Share Investment Trust.

Units of PropShare Platina (“Scheme of Trust” or “Scheme”) were listed on the Bombay Stock Exchange (BSE) on December 10, 2024.

The condensed standalone financial statements were approved for issue in accordance with a resolution passed by the Board of Directors of the Manager on behalf of the Scheme of Trust on January 20, 2025.

The shareholding pattern of Special Purpose Vehicles (SPVs) of the Scheme of Trust are as follows:

SI No	Name of the SPV	Shareholding
1	Rumosch Private Limited	100%
2	PropAreas Private Limited	100%
3	Avenueprops Private Limited	100%
4	Willowprops Private Limited	100%
5	Premiumbiz Private Limited	100%
6	Estapropfront Private Limited	100%

2. Basis of Preparation and Material Accounting Policies

2.1 Basis of preparation and Statement of Compliance

The Condensed Standalone Financial Statements (hereinafter referred to as the 'Standalone financial statements' or 'SFS') has been prepared in accordance with the requirements of SEBI (Real Estate investment Trusts) Regulations,

PropShare Platina
(a first scheme of the Property Share Investment Trust)
SM REIT Reg No (Trust): IN/SM-REIT/24-25/0001
Notes to the Condensed Standalone Financial Statements

2014 as amended from time to time including any guidelines and circulars issued thereunder read with SEBI Circular No. SEBI/HO/DDHS-PoD-2/P/CIR/2024/43 dated May 15, 2024 (the "REIT Regulations" or "SM REIT Regulations"); Indian Accounting Standard (Ind AS) 34 "Interim Financial Reporting", as prescribed in the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other accounting principles generally accepted in India, to the extent not inconsistent with the REIT Regulations.

The Standalone Financial Statements of the Scheme of Trust comprises the Standalone Balance Sheet as at December 31, 2024, the standalone Statement of Profit and Loss, including other comprehensive income for the quarter and for the period June 27, 2024 to December 31, 2024 the Standalone Statement of Cash Flow for the quarter and for the period June 27, 2024 to December 31, 2024, the Statement of Net Distributable Cashflows for the quarter and for the period June 27, 2024 to December 31, 2024, and a summary of material accounting policies and other explanatory information for the quarter and for the period June 27, 2024 to December 31, 2024 and the Standalone Statement of Changes in Unitholders' Equity for the for the period June 27, 2024 to December 31, 2024.

The financial statements have been prepared on going concern basis in accordance with accounting principles generally accepted in India. Further, standalone financial statements have been prepared on the historical cost basis except for the accounting policies below. The accounting policies have been applied consistently over all the period presented in these standalone financial statements.

All amounts disclosed in the standalone financial statements and notes have been rounded off to the nearest millions, unless otherwise stated.

2.2 Operating cycle and basis of classification of assets and liabilities

Current versus non-current classification

The Scheme of Trust presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

PropShare Platina
(a first scheme of the Property Share Investment Trust)
SM REIT Reg No (Trust): IN/SM-REIT/24-25/0001
Notes to the Condensed Standalone Financial Statements

The Scheme of Trust classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Scheme of Trust has identified twelve months as its operating cycle.

2.3 Use of judgements and estimates

The preparation of the standalone financial statements in conformity with generally accepted accounting principles in India requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. Actual results could differ from those estimates.

Estimated and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Information about critical judgements in applying accounting policies that have the most significant effect on the amounts recognized in the standalone financial statements is included in the following notes:

- Presentation of "Unit Capital" as "Equity" in accordance with the REIT Regulations
- Valuation of financial instruments.

Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Financial Statements.

2.4 Functional and presentation currency

Items included in the standalone financial statements of the Scheme of Trust are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). These standalone financial statements are presented in Indian Rupees (INR), which is also the Scheme of Trust's functional currency. All amounts have been rounded-off to the nearest millions, unless otherwise indicated.

2.5 Fair value measurement

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal market or, in its absence, the most advantageous market to which the Scheme of Trust has access at that date. The fair value of a liability reflects its non-performance risk.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

PropShare Platina
(a first scheme of the Property Share Investment Trust)
SM REIT Reg No (Trust): IN/SM-REIT/24-25/0001
Notes to the Condensed Standalone Financial Statements

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the standalone financial statements on a recurring basis, the Scheme of Trust determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

2.6 Revenue from Operations

Recognition of dividend and interest income

Dividend income is recognised in the statement of profit and loss on the date on which Scheme of Trust's right to receive payment is established.

Interest income is recognised using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument to the gross carrying amount of the financial asset.

In calculating interest income, the effective interest rate is applied to the gross carrying amount of the asset (asset is not credit-impaired). However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset.

2.7 Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Trust shall reflect the effect of uncertainty for each uncertain tax treatment by using either most likely method or expected value method, depending on which method predicts better resolution of the treatment.

PropShare Platina
(a first scheme of the Property Share Investment Trust)
SM REIT Reg No (Trust): IN/SM-REIT/24-25/0001
Notes to the Condensed Standalone Financial Statements

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled, and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised, or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

The Scheme of Trust offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

PropShare Platina
(a first scheme of the Property Share Investment Trust)
SM REIT Reg No (Trust): IN/SM-REIT/24-25/0001
Notes to the Condensed Standalone Financial Statements

2.8 Provisions

Provisions are recognised when the Scheme of Trust has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Scheme of Trust expects some or all of a provision to be reimbursed the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pretax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

2.9 Operating segments

The objective of the Scheme of Trust is to undertake activities in accordance with the provisions of the SEBI REIT Regulations and the Trust Deed. The principal activity of the Scheme of Trust is to own and invest in rent or income generating real estate and related assets in India through the SPVs.

The Board of Directors of the Investment Manager allocates the resources and assesses the performance of the Scheme of Trust, thus are the Chief Operating Decision Maker (CODM). In accordance with the requirements of Ind AS 108 - "Segment Reporting", the CODM monitors the operating results of the business. as a single segment, hence no separate segment needs to be disclosed. As the Scheme of Trust operates only in India, no separate geographical segment is disclosed.

2.10 Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of Schem of Trust or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. Contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. Contingent liability is not recognised in the books of accounts but its existence is disclosed in the Financial Statements by way of notes to accounts, unless possibility of an outflow of resources embodying economic benefit is remote.

2.11 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value and, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e. the date that the Scheme of Trust commits to purchase or sell the asset.

PropShare Platina
(a first scheme of the Property Share Investment Trust)
SM REIT Reg No (Trust): IN/SM-REIT/24-25/0001
Notes to the Condensed Standalone Financial Statements

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three categories:

- Financial asset at amortised cost
- Financial asset at Fair Value Through Other Comprehensive income (FVTOCI)
- Financial asset at Fair Value Through Profit and Loss (FVTPL)

Financial assets are measured at the amortised cost, if both of the following conditions are met:

- (i) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- (ii) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Standalone Statement of Profit and Loss. The losses arising from impairment are recognised in the Standalone Statement of Profit and Loss. This category generally applies to investments, trade receivables, loans, cash and cash equivalent, bank balance other than cash and cash equivalent and other financial assets.

Financial asset is classified as FVTOCI, if both of the following criteria are met:

- (i) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets; and
- (ii) The asset's contractual cash flows represent SPPI.

Financial asset included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in OCI. However, the Company recognizes interest income, impairment losses and foreign exchange gain or loss in the Standalone Statement of Profit and Loss. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to the Standalone Statement of Profit and Loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

FVTPL is a residual category for financial asset. Any financial asset, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. Financial asset included within the FVTPL category are measured at fair value with all changes recognized in the Standalone Statement of Profit and Loss.

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. If the Schem of Trust decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to the Standalone Statement of Profit and Loss, even on sale of the investments. Equity

PropShare Platina
(a first scheme of the Property Share Investment Trust)
SM REIT Reg No (Trust): IN/SM-REIT/24-25/0001
Notes to the Condensed Standalone Financial Statements

instruments included within the FVTPL category are measured at fair value with all changes recognized in the standalone statement of profit and loss.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a company of similar financial assets) is primarily derecognised (i.e. removed from the balance sheet) when:

- The rights to receive cash flows from the asset have expired; or
- The Scheme of Trust has transferred its rights to receive cash flows from the asset and either (a) the Scheme of Trust has transferred substantially all the risks and rewards of the asset, or (b) the Scheme of Trust has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

Impairment of financial assets

In accordance with Ind AS 109, the Scheme of Trust applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets and credit risk exposure.

For recognition of impairment loss on other financial assets and risk exposure, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Scheme of Trust reverts to recognising impairment loss allowance based on twelve-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The twelve-month ECL is a portion of the lifetime ECL which results from default events that are possible within twelve months after the reporting date. ECL is the difference between all contractual cash flows that are due to the Scheme of Trust in accordance with the contract and all the cash flows that the Scheme of Trust expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate. ECL impairment loss allowance (or reversal) recognized during the year is recognized as income/ expense in the Standalone Statement of Profit and Loss.

For assessing increase in credit risk and impairment loss, the Scheme of Trust combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value. The Scheme of Trust's financial liabilities include trade payables and other financial liabilities.

Subsequent measurement

For purposes of subsequent measurement, financial liabilities are classified in two categories:

- Financial liabilities at fair value through profit or loss
- Financial liabilities at amortised cost

PropShare Platina
(a first scheme of the Property Share Investment Trust)
SM REIT Reg No (Trust): IN/SM-REIT/24-25/0001
Notes to the Condensed Standalone Financial Statements

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Separated embedded derivatives are also classified as held for trading, unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognised in the standalone statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/losses attributable to changes in own credit risk are recognized in OCI. These gains/losses are not subsequently transferred to the Standalone Statement of Profit and Loss. However, the Scheme of Trust may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the Standalone Statement of Profit and Loss.

Financial liabilities at amortised cost

After initial recognition, gains and losses are recognised in the Standalone Statement of Profit and Loss when the liabilities are derecognised as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the standalone statement of profit and loss.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Standalone Statement of Profit and Loss.

Reclassification of financial assets and liabilities

The Scheme of Trust determines classification of financial assets and liabilities on initial recognition. After initial recognition, no re-classification is made for financial assets which are equity instruments and financial liabilities.

For financial assets which are debt instruments, a re-classification is made only if there is a change in the business model for managing those assets. A change in the business model occurs when the Scheme of Trust either begins or ceases to perform an activity that is significant to its operations. If the Scheme of Trust reclassifies financial assets, it applies the re-classification prospectively from the re-classification date, which is the first day of the immediately next reporting period following the change in business model. The Scheme of Trust does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

PropShare Platina
(a first scheme of the Property Share Investment Trust)
SM REIT Reg No (Trust): IN/SM-REIT/24-25/0001
Notes to the Condensed Standalone Financial Statements

Offsetting of financial instruments

Financial assets and financial liabilities are offset, and the net amount is reported in the balance sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

2.12 Investment in SPVs

The Scheme of Trust has elected to recognize its investments in SPVS at cost in accordance with Ind AS 27, 'Separate Financial Statements'. Investments in SPVs are reviewed for impairment, whenever events or changes in circumstances indicate that carrying amount may not be recoverable.

2.13 Unit Capital

Units issued by the Scheme of Trust are classified as equity. Incremental costs directly attributable to the issuance of units are recognized as a deduction from equity, net of any tax effects.

2.14 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand, cheques on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value.

2.15 Distribution Policy

Under the provisions of the REIT Regulations, the Scheme of Trust is required to distribute to the unitholders not less than 100% of the net distributable cash flows ('NDCF') of the Scheme of Trust ("REIT Distributions"). The NDCF is calculated in accordance with the REIT Regulations and in the manner defined by the Manager. REIT Distributions shall be declared at least once in every quarter of the financial year and not later than 15 working days from the end of the quarter. The distributions are paid to the unit holders within 5 working days from the record date. The record date for the payment of distributions shall be the date which is 2 working days from the date of declaration of the distribution (excluding date of distribution and record date).

In terms of the REIT Regulations and NDCF framework prescribes the following minimum amount of NDCF to be distributed to the Scheme of Trust:

- not less than 95% of the NDCF of the SPVs are required to be distributed to the Scheme of Trust, in proportion to its shareholding in the SPVs, subject to applicable provisions of the Companies Act, 2013.

The aforesaid net distributable cash flows are made available to Scheme Trust in the form of (I) interest paid on Shareholder Debt, (ii) Repayment of Shareholder Debt, (iii) dividends (net of applicable taxes), (iv) interest paid on optionally convertible debentures and (v) Redemption proceeds of optionally convertible debentures or other similar instruments or as specifically permitted under the Trust Deed or in such other form as may be permissible under the applicable law.

PropShare Platina
(a first scheme of the Property Share Investment Trust)
SM REIT Reg No (Trust): IN/SM-REIT/24-25/0001
Notes to the Condensed Standalone Financial Statements

2.16 Cash distribution to Unitholders

The Scheme of Trust recognizes a liability to make cash distributions to Unitholders when the distribution is authorized. As per the REIT Regulations, a distribution is authorized when it is approved by the Board of Directors of the Manager. A corresponding amount is recognized directly in equity.

2.17 Statement of Cash flows

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Scheme of Trust are segregated.

2.18 Earnings per unit

Basic earnings per unit is calculated by dividing the net profit or loss attributable to unit holders of the Scheme of Trust by the weighted average number of units outstanding during the period.

For the purpose of calculating diluted earnings per unit, the net profit or loss for the period attributable to unitholders of the Scheme of Trust and the weighted average number of units outstanding during the adjusted for the effects of all dilutive potential units.

2.19 Earnings before finance costs, depreciation, amortisation, share of net profits / (losses) of investments accounted for using equity method, exceptional items and tax (EBITDA)

The Scheme of Trust has elected to present EBITDA as a separate line item on the face of the Standalone Statement of Profit and Loss. In its measurement, the Scheme of Trust does not include finance costs, depreciation, amortisation, exceptional items and tax

7. Corpus

Particulars	Rs. Million
Balance as on June 27, 2024	-
Movement during the period	0.01
Balance as on December 31, 2024	0.01

8. Unit Capital

Particulars	Units	Rs. Million
Balance as on June 27, 2024	-	-
Units issued during the year		
- pursuant to initial public offer, issued, subscribed and fully paid-up in cash	3,361	3,529.05
Less: Units issue expenses *	-	(35.04)
Balance as at December 31, 2024	3,361	3,494.01

* Issue expenses pertaining to the Initial Public Offering have been reduced from the unit capital in accordance with Ind AS 32 - Financial Instrument : Presentation.

(i) Terms/ rights attached to the Units:

The Scheme of Trust has only one class of Units. Each Unit represents an undivided beneficial interest in the Scheme of Trust. Each holder of Units is entitled to one vote per unit. The Unitholders have the right to receive 100% of the Net Distributable Cash Flows of the Scheme of Trust at least once in every three months in each financial year in accordance with the SM REIT Regulations. The Board of Directors of the Manager approves distributions to Unitholders. The distribution will be in proportion to the number of Units held by the Unitholders. The Scheme of Trust declares and pays distributions in Indian Rupees.

Under the provisions of the SM REIT Regulations, PropShare Platina is required to distribute to Unitholders 100% of the net distributable cash flows of PropShare Platina for each financial year. Accordingly, a portion of the Unitholders' funds contains a contractual obligation of the Scheme of Trust to pay cash to the Unitholders. Thus, in accordance with the requirements of Ind AS 32 - Financial Instruments: Presentation, the Unit Capital should have been classified as compound financial instrument which contains both equity and liability components. The SEBI master circular no. SEBI/HO/DDHS/PoD-2/P/CIR/2024/43 dated 15 May 2024 issued under the REIT Regulations, and Section H of Chapter 3 to the SEBI master circular dated 15 May 2024 dealing with the minimum presentation and disclosures for key financial statements, require the Unit Capital in entirety to be presented/classified as "equity", which is at variance from the requirements of Ind AS 32. In order to comply with the aforesaid SEBI requirements, the PropShare Platina has presented unit capital as equity in the financial statements. Consistent with Unitholders' funds being classified as equity, the distributions to Unitholders are also being presented in Statement of Changes in Unitholders Equity and not as finance cost. In line with the above, the dividend payable to Unitholders is recognised as liability when the distributions are approved by the Board of Directors of the Investment Manager.

(ii) During the period, the PropShare Platina (a first scheme of the Property Share Investment Trust) has issued 3361 Units at a price of Rs. 1,050,000 per Unit aggregating to Rs. 3,529.05 million.

(iii) PropShare Platina has not allotted any fully paid-up units by way of bonus units nor has it bought back any class of units from the date of incorporation until the balance sheet date. Further, the scheme of trust has not issued any units for consideration other than cash from the date of incorporation until the balance sheet date.

(iv) The manager hold 5% of the units (169 Units) in accordance with SM REIT Regulations.

PropShare Platina**(a first scheme of the Property Share Investment Trust)****SM REIT Reg No (Trust): IN/SM-REIT/24-25/0001****Condensed Standalone Financial Statements****Notes to the Condensed Standalone Financial Statements***(All amounts are in Rs. million, unless otherwise stated)***16. Income tax**

Property Share Investment Trust (the "Trust") is a business trust registered under SEBI REIT Regulations, 2014. Hence, the interest and dividend received or receivable by the trust is exempt from tax under section 10(23FC) of the Income tax Act, 1961 (the "Act") and the rental income received or receivable is exempt from tax under section 10(23FCA) of the Act. Further, any expenditure incurred in relation to earning the exempt income is not tax deductible in view of provision of section 14A of the Act. The income of the trust, other than exempt income, is chargeable to tax at the maximum marginal rates in force.

17. Investment Manager Fee

Pursuant to the Investment Management Agreement entered by Axis Trustee Services Limited (as a trustee of PropShare Real Estate Investment Trust) and PropShare Investment Manager Private Limited (as a "Investment Manager") dated June 27, 2024 and the amendment agreement to the Investment Management Agreement dated July 19, 2024 and November 05, 2024; Investment Manager is entitled to receive a Scheme Management Fee which shall be percentage of the assets of the scheme or of the gross proceeds (including the Investment Manager's contribution) from the scheme's offer ("Gross Proceeds"); or of the distributions; or of assets under management; or of the lease rentals, each for such specified period as may be described in the scheme documents and as set out in Schedule I of the investment management agreement. The Investment Manager is also entitled to receive a Property Acquisition Fee, which is equivalent to such agreed percentage of the purchase price or Gross Proceeds, or value of such REIT asset acquired by the scheme as certified by an independent valuer as may be described in the offer documents. The fees may be paid out of the funds available, or reserves created with the Property Share Investment Trust or in Units. If the fees are paid in Units, the issue price of such Units shall be at the prevailing market price as determined in accordance with the REIT Regulations and applicable law.

The scheme of trust shall pay to the Investment Manager fees as follow: (i) no scheme management fee for financial year 2024-2025 and financial year 2025-2026, scheme management fee of up to 0.25% of the gross proceeds or of the distributions; or the assets under management of the scheme for financial year 2026-2027 and scheme management fee of up to 0.30% of the gross proceeds or of the distributions; or assets under management of the scheme for financial year 2027-2028 and onwards; (ii) no property management fee; (iii) a property acquisition fee of up to 1.5% of the Gross Proceeds; and (iv) a Divestment Fee of up to 3% of the Gross Proceeds.

The Investment Manager has charged a one-time acquisition fee of 1.5% of the property value for the acquisitions made during the period.

18. Trustee Fee

The trustee is entitled to an initial acceptance fee of Rs. 0.13 million and an annual fee of Rs. 0.10 million, exclusive of all applicable taxes and any other out of pocket expenses, as applicable. The annual fee shall be subject to revision.

19. Insurance expenses

As per Regulation 10 of the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014, the investment manager is obligated to secure adequate insurance coverage for the real estate assets of the SPVs. Subsequent to the balance sheet date, the investment manager has secured this insurance effective from January 09, 2025.

Notes to the Condensed Standalone Financial Statements
(All amounts are in Rs. million, unless otherwise stated)

20. Financial instruments - Fair value measurement

A) The carrying value and fair value of financial instruments by categories are as below:

Particulars	Carrying Value December 31, 2024	Fair Value December 31, 2024
Financial assets		
At amortised cost		
Investment in equity shares	347.72	347.72
Investment in optionally convertible debentures	2,085.94	2,090.01
Loans	1,042.98	1,042.98
Cash and cash equivalents	52.42	52.42
Other financial assets	10.17	10.17
Total	3,539.23	3,543.30
Financial liabilities		
At amortised cost		
Trade payables	4.84	4.84
Other financial liabilities	38.60	38.60
Total	43.44	43.44

The management has assessed that the fair value of cash and cash equivalents, trade payables, other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments

B) Measurement of fair values

The level of fair values are defined below:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes instruments that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

Transfers between Level 1, Level 2 and Level 3

There were no transfers between Level 1, Level 2 or Level 3 during the period and quarter ended December 31, 2024
